

TRAINING TOPICS

This document lists training workshop topics currently available through the National Concrete Pavement Technology Center at Iowa State University.

Most workshops can be fine-tuned to meet the needs of individual agencies or other organizations.

For general information about workshop content, see www.cptechcenter.org/technical-library/documents/CPTechProgramBooklet.pdf.

SCHEDULE A WORKSHOP

For details about any of these training opportunities, or to schedule a workshop, contact one of the following:

Peter Taylor, Director
515-294-9333

IOWA STATE UNIVERSITY
Institute for Transportation

| Topic | Free to State DOTs (face-to-face) | Available at Cost (face-to-face or webinar) |
|---|-----------------------------------|---|
| Concrete Overlays | X | X |
| Pavement Preservation | X | X |
| Joint Durability | | X |
| IMCP Manual | | X |
| Internal Curing | | X |
| Roller-compacted Concrete | | X |
| 3D Stringless Paving | | X |
| 3D Models for Highway Design and Construction | | X |
| Concrete Pavement Recycling | | X |
| Surface Characteristics | | X |
| Mixture Proportioning | | X |
| Quality Assurance | | X |
| Early-age Cracking | | X |
| Integrated Pavement Solutions | | X |
| Inspector Workshop | | X |

Notes

1. These topics may be available as free webinars through the TTCC pooled fund.
2. In addition to the above topics, the CPTech Center has developed a new series of four web-based training modules for the Federal Highway Administration: **3D Engineered Models for Construction**.

Users can work through these *free* modules at any time, at their own pace. For more information or to register, see www.fhwa.dot.gov/construction/3d/wbt.cfm.
